

ELx50

ELx50

Bio-Tek's Microplate Washers recognized leadership in full-plate microplate washers extends to the ELx50 Auto strip washer. The ELx50's compact footprint contains a power-house of washing capabilities unsurpassed in its class. Excellent dispense accuracy and evacuation efficiency are ensured in models to support 96- and 384-well strip or plate washing. Extensive but easy to – use onboard software provides the utmost flexibility for a variety of applications.
