Established on December 20, 2024, Remtest is a dynamic and innovative company led by Mr. Waleed Bin Saeed Bin Mohammed Elghamdi, our visionary owner and general manager. Under the professional guidance of Dr. Shams Mohammed Elhabboub, our authorized general manager and technical & business development manager, also we are supported by a dedicated team of sales executives and biomedical engineers. Our head office is strategically located at El Manar Business Center on Northern El Raka's Commercial Road, Dammam, and Kingdom of Saudi Arabia.

Remtest proudly holds key government licenses and certifications, including:

1. Municipality License
2. SFDA License
3. Civil Defense License
4. GOSI Certificate
5. VAT Registration Certificate

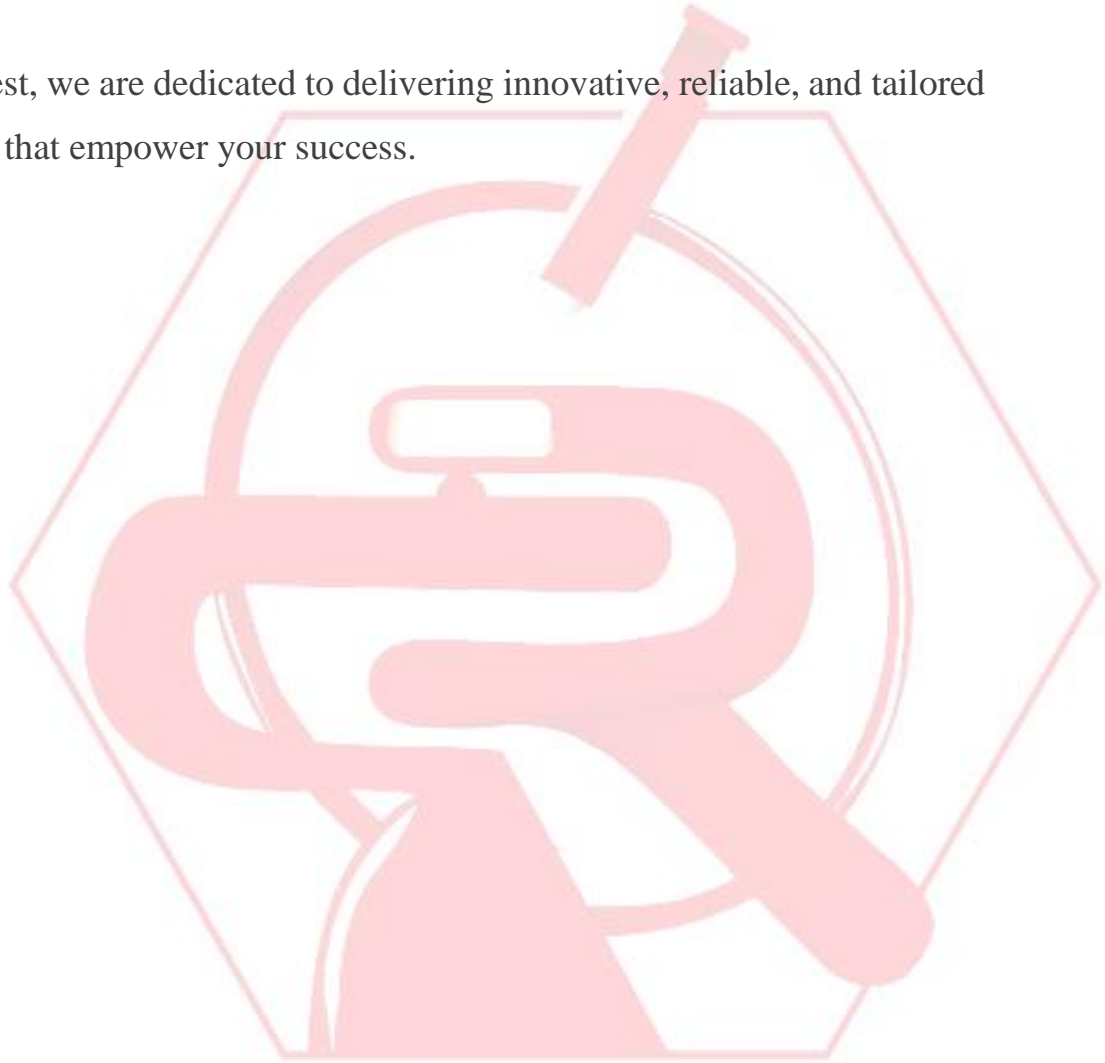

These licenses reflect our commitment to quality, compliance, and trustworthiness in every aspect of our operations.

We specialized in providing premium laboratory chemicals and solutions, catering to a wide range of industries and applications. Our offerings include:

1. Routine laboratory investigations
2. Research and development support
3. Quality control professional services
4. Certified and traceable standards.
5. Bulk industrial chemicals
6. Custom chemical blends

7. Disinfectants and sanitizing chemicals
8. Diagnostic solutions and related instruments
9. Medical and laboratory instruments & consumables

At Remtest, we are dedicated to delivering innovative, reliable, and tailored solutions that empower your success.
